

power strip modular MEDX ZPA

Patent pending

EN 60601-1

CE

Modular. Individually. Unique.

The power strip MEDX ZPA offers customized solutions for your systems. A power strip is in terms of load and place ideal fits the circumstances. Depending on your requirements, we supply the Baaske MEDX ZPA power strip with one to a maximum of 8 socket inserts. The unique construction allows an individual preparation, without renouncing important features. Each module has an additional potential equalization and two G fuse-links inserts. A further plus is the additional potential equalization on the housing so that the socket strip can be used simultaneously as a local ZPA distributor.

Benefits:

- › **Modular. Individually. Unique.**
- › **VDE power sockets** with VDE seal of approval
- › Each power socket redundantly-fused
- › **2.5 mm² thick cable** with anti-kink protection
- › **Safety lock** for preventing accidental modification of the electrical system

Features

Modular – as required available with 1 up to 8 socket outlets.

Versatile safety locks for preventing modifications to the electrical system.

Double fuse for each socket insert (2G fuse links) for immediate detection of failures. Replaceable during operation.

Additional potential equalization for each socket insert, and 11 mm thick power cable with 2.5 mm² single lines and kink protection on the housing.

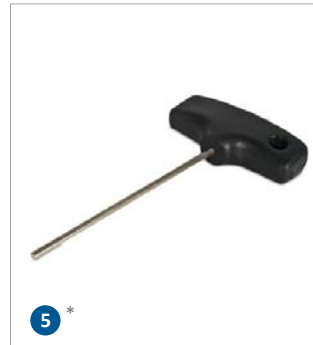

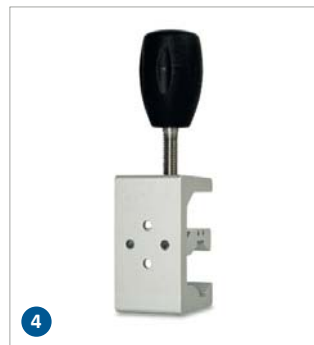

Technical Data

Baaske MEDX ZPA power strip

Fuse protection power socket insert	2 G-fuse-links, each 5x 20 mm (DIN EN 60127- 2/VDE 0820-2)
ZPA connector	according to DIN 42801
Total load power strip	3600 W max.
Cable length	3m 5m
Protection class	I
Protection IP	IP 20
Dimensions per modul (LxDxH)	80x 60x 80 mm
Number of modules max	8
Number of modules min	1
Housing	Anodized aluminum
Delivery per modul	1 power socket, MEDX Removal Protection green KIT
Item No.	2011152

Accessories

Guard bracket

To prevent accidental pulling out or adding of SCHUKO plugs.

- 1 Covers: 1 power socket, MEDX Cap Green KIT
Item No. 2011449
- 2 Covers: 1 power socket, MEDX Removal Protection green KIT
Item No. 2011450

Mounting plate

For flexible, rapid mounting of the power strip to an IV pole. In combination with item No. 2007232 (mounting plate).

- 3 Item No. 2011254

Pipe mounting

For flexible, rapid mounting of the power strip to an IV pole. In combination with item No. 2007232 (mounting plate).

- 4 Item No. 2006327

Tee-handled socket wrench

For the easy loosening and attachment of the guard bracket on the MED 5 ZPA power strip.

- 5 Item No. 2007233

Standard rails Clips

2 Standard rails Clips for mounting the power strip to standard rails. In combination with item No. 2007232 (mounting plate).

- 6 Item No. 2007208
