

Senses 6172

Features

Senses 6172 expandable industrial panel PC utilises the Intel Q965 + ICH8 chipset and provides a 17" TFT LCD with resistive touchscreen and an IP65 rated front panel. This Panel PC comes with 2 x PCI expansion slots.

The high performance Intel Core 2 Duo processor, wireless LAN option and robust chassis design makes this model ideal as a fast and stable human machine interfaces (HMI) for SCADA applications.

Our production processes are controlled under ISO 9001:2000 and every system undergoes a full diagnostic burn-in prior to shipment.

Systems can be tailored to meet your exact requirements. Each Industrial Panel PC comes with a 2 year warranty.
